Zero-Emissions Bus Online Public Workshop

MTS has begun converting its bus fleet to zero emissions and has drafted a transition plan to complete a full electric conversion by 2040. Attend this public workshop to provide input on the transition plan. The MTS Board of Directors will consider all public comments prior to submitting the plan to the California Air Resource Board.

- [Update on MTS electric bus pilot program](#)
- Overview of the draft transition plan
- Results of greenhouse gas emission benefit
- Conversion challenges and opportunities

The webinar presentation will be broadcast in both English and Spanish. **[Register online today.](#)**
