Procurement

Our Mission

We provide high quality and compliant procurement solutions for our customers on time and at the best possible value while maintaining public trust and fulfilling public policy objectives.

Our Vision

We will satisfy the needs of our clientele by providing cost effective, high quality products and services at the right time. We will achieve this through our dedication to excellent customer service, and by increasing efficiency and effectiveness through innovation and technology; we will maximize the use of commercially available products and services, and we will engage only those providers who continue to demonstrate a sustained high-level of performance. We will promote equitable business competition while minimizing costs. We will conduct our business with integrity, transparency, self-accountability, and fairness to all.

Our Core Values

As a department of diverse individuals working for a common purpose, we value individual dignity, respect, courtesy, kindness, tolerance for individual differences, consideration, and understanding. We are dedicated public servants. We care about each other and for our environment. We are committed to working with our customers and business partners on any job, big or small, for results that are environmentally just. We have a passion for integrity, ethics, and honesty. We are responsible and we hold ourselves accountable to the public we serve.
