Coldplay

Coldplay's limited west coast run comes on the heels of their highly successful year of touring in 2022, where Coldplay sold more concert tickets than any other artist and broke attendance records around the world. The iconic band - who were crowned Favorite Touring Artist at the 2022 American Music Awards - will bring their spectacular stadium show to San Diego this September, where they will perform classic hits such as "Yellow", "Viva La Vida", "Clocks", "A Sky Full Of Stars" and "My Universe" in stadiums bursting with lasers, fireworks and LED wristbands. Special Guests H.E.R. + 070 Shake will open for the band.

The best way to get in and out of Snapdragon Stadium is to take the Trolley! Use one of our [Park & Ride lots](#) on the system to Old Town and transfer to the [Green Line](#) to get to Stadium Station. Visit our [Coldplay at Snapdragon Stadium](#) page for travel information.

Please [click here for extra Trolley service information](#).

Please note: The elevator at Stadium Station is temporarily out of service. We are in process of repairing the elevator to ensure continued safe, convenient service. While the elevator is being repaired, please use the ramp or stairs instead. Contact a MTS Security Officer or Passenger Support Representative at Stadium Station if you need assistance. You may also call MTS Trip Planning (619-233-3004) to learn of alternative transportation options.
