## Barrio Logan Día de Muertos

This free, family-friendly event spanning three blocks on the main business corridor will feature a variety of attractions including delicious food, a bustling market, engaging kids workshops and activities, a special screening of COCO, and captivating live performances by Tropa Mágica, Maíz, Cumbia Machine, Mariachi, baile folklórico, danzantes, and much more!

From South to North, East to West, and everything in-between, magical enclaves form the landscape known as Mexico where legends and stories are carried on from generation to generation as woven threads that form the fabric of Mexico's National identity. Known as "Pueblos Mágicos" these enclaves are sacred spaces where time stops and the past remains in the present.

Barrio Logan, an enclave with its own legends and stories that have been passed down for generations, is yet another thread from the same fabric that stretches across and defies made-up border lines and artificial walls. The Barrio is a time capsule where traditions and stories are carried on as a means of self-preservation; it is our very own BARRIO MAGICO.
