The Oddities Flea Market

The Oddities Flea Market is the premier venue for purveyors of the unusual and the macabre, showing annually in four cities throughout the United States. Each market's local dealers are specifically selected by founders Ryan Matthew Cohn and Regina M. Rossi for the quality and rarity of their wares, whether they be medical antiques or anatomical specimens, the artifacts and ephemera of natural history, or fine art and unique jewelry in every imaginable medium.

Shop a curated selection of medical history ephemera, anatomical curiosities, natural history items, osteological specimens, taxidermy, home decor, jewelry, one-of-a-kind art, and much more. Dazzling wonders of all kinds await you at The Oddities Flea Market!
