Avoid traffic and parking headaches—Trolley takes you straight to the show

San Diego – Music icon Elton John is set to bring the magic to Petco Park Friday, May 9, with a one-night-only performance for Curebound's *Concert for Cures*, and the San Diego Metropolitan Transit System (MTS) is ramping up Trolley service to take fans there in style.

With tens of thousands expected to attend, fans are encouraged to travel early to avoid crowds and use the free MTS park and ride lots for a hassle-free experience getting to the show.

Easy Ways to Pay Your Fare

PRONTO: Concertgoers should download the PRONTO app in advance. Load at least \$5 on your virtual card, which covers a round-trip fare for adult riders. All riders must tap or scan on validators to activate their pass or fare prior to boarding.

Contactless Payment: Concertgoers now have the option to simply tap a credit card or other contactless payment options, such as a smartphone or smartwatch, on a station validator to pay

for a one-way ride (\$2.50, valid for two hours). This allows attendees to bypass the ticket vending machine and speed up wait times.

Every person needs their own payment option, you cannot buy fares for multiple people on the same account, card or payment method.

Attendees can park at one of MTS' free Park & Ride lots throughout the Trolley system. The most convenient locations are:
