Shape our Region's Future - SANDAG Meetings

A row of six circular icons: a purple bus, a blue lighthouse, a red location pin, a green leaf, a green person on a bicycle, and a blue water drop.

WHAT ARE YOUR PRIORITIES FOR OUR REGION?
Share your thoughts and help determine how we can move San Diego forward.

What do you think is most important to keep San Diego moving forward?

- Do you have thoughts or ideas about how to keep the San Diego region moving forward?
- Do you want to see more investment in new and improved transit services, strengthening the highway network, or enhancing local transportation by investing in roadway, bikeway, pedestrian, and transit upgrades?
- Or do you want to increase investments to reduce the risk of wildfires?
- Or maybe focus on cleaning up and restoring water quality in lakes, rivers, and beaches?

The San Diego Association of Governments (SANDAG) wants to hear your answers to these kinds of questions as the agency considers whether to place a measure on the November 2016 ballot that could raise billions of dollars to fund improvements throughout the region. We are supporting their outreach and want to encourage you to participate. You can help SANDAG by sharing your priorities and suggesting new ideas for regional transportation and infrastructure and other important regional needs at sandag.org/priorities.

We encourage you to share your thoughts with SANDAG and help determine the region's priorities in important areas, which include habitat conservation, transportation, and water quality improvements.
