C Street is a unique corridor that allows Trolleys and cars to travel side-by-side in the same direction. Sometimes cars ignore the signs and rules of the road, and illegally make turns in front of our trains. This is not only illegal, but very dangerous.

Image not found or type unknown

To raise awareness about these intersection points, the Facilities team installed delineators at key intersections along C Street. It's a visual reminder for cars to pay attention to the road and a good safety deterrent for cutting in front of oncoming Trolleys.
