Thursday, June 1, 2017

Image not found or type unknown

With more than 250,000 attendees expected to attend San Diego's largest fireworks show this Fourth of July, there will be plenty of traffic and parking hassles. Avoid the headache and take MTS to catch the show above the San Diego Bay. Enhanced service will operate on the Green Line Trolley beginning in the afternoon, and added late-night service will operate on all three Trolley lines after the show, with final trains departing around midnight. Rapid 215 and Rapid 235 also provide riders with quick trips to Santa Fe Depot, and many other local bus routes run to/through downtown, getting you closer to the show. Recommended viewing locations off the Trolley include County Center/Little Italy, Santa Fe Depot, Seaport Village, Convention Center and Gaslamp Quarter Stations.
