In case you missed the cover page...MTS Bus won a national award for pedestrian safety! Our bus operations team reduced preventable pedestrian accidents to ZERO over the final nine months of 2016. The Pause, Focus, Look safety campaign to eliminate pedestrian accidents strategically links driver behavior, vehicle equipment and an integration of available technology to eliminate pedestrian accidents.

“MTS bus operators should be proud of this accomplishment, as should our training department,” said MTS CEO Paul Jablonski. “They identified the challenges, developed a thorough training program, worked with union leadership and educated all 540 of our drivers. It’s this type of effort that led to this outstanding result.”
