MTS Rail honored 118 train operators for safe operating at the annual Trolley Operator Safety Awards ceremony on September 22. To qualify, train operators must be free from preventable LRV/Auto accidents and LRV/Pedestrian accidents in consecutive years. After the initial award, successive awards are given for each additional one-year period. When a train operator is accident-free for 2-4 years, they get a commemorative pin. Once five years of accident-free service is reached, the recipients receives another commorative pin, plus an extra paid day off.

Of the 118 train operators celebrated, 78 had more than 5 years accident-free, and 40 had 2-4 years accident free.

Congratulations to everyone!

And, if you are wondering, Train Operator Brett Hauser has the most consecutive years of operating safely at 28 years accident free. Keep up the good work Brett!
