Stop! New pedestrianfriendly stop signs and other enhancements have been installed at IAD and KMD./ Hold her steady! Facilities Servicepersons Everardo Velador, Travis Shockley and Abel Castruita install a new bus bench.

The MTS Facilities team is hard at work replacing more than 1,600 bus benches in the MTS system. Since January, the team has replaced 1,300 benches. Each bench takes approximately an hour to replace. This includes removing and discarding the old bench, prepping the site for installation, and the physical installation of the new bench. The goal is to have all 1,600 new benches, and 250 benches at new locations, installed by October 2017. Keep up the good work Facilities!
