## SuperM Concert

Image not found or type unknown

SuperM is a Korean pop supergroup of existing boy groups top talents merged together. They are a mesh of K-pop, Dance-pop, and Hip-hop creating a foreign (both South Korean and English) new age pop that takes from western music and re-establishes the boy band formula if not elevating it. Their self-titled debut EP reached number one at the Billboard 200 albums chart, and they can be seen on The Ellen DeGeneres Show. This is the groups first world tour dubbed We Are the Future Live performing 10 times in North America.
