Each meet is structured similarly to Short track motor racing with two heat races and a consolation race in each class. Each heat features 20 riders, with the top nine advancing to the feature. In the 450cc class, the highest placed competitor in points will receive a provisional for the feature race. The three races will be the 450cc Class, 250cc West, and 150cc East. The Tripple Crown format provides audiences with races back to back to back where the contestants are given points for each position and at the end of the night the fewest points wins!
